

## **GENERAL RULES AND PROCEDURES**

The following modeling material is the joint property of the Rocky Mountain Flying Machine, Inc. (RMFM) and Richard Lindberg, a member of the RMFM. The RMFM is a club organized in accordance with the Academy of Model Aeronautics, Inc. The RMFM is a 501C7 organization, incorporated in the State of New Mexico. The inventory is currently in the possession of Richard Lindberg, who desires that the RMFM acquire, sell, or otherwise dispose of said inventory.

The inventory listed below is a 'work in progress' - as further items are added, revised copies will be forwarded to those who have requested it. As a general rule, if you don't see what you want, send an inquiry to Richard - he may have it (especially in the areas of tools, accessories and support equipment)!

1. The inventory is categorized into nine (9) units: Aircraft (built, RTF, RTC, etc.), Control-line kits, RC kits, Engines, Radios, Tools, Plans, Aircraft Accessories, Support Equipment, Various Building Materials, and Covering Material. There is no further organization than that (!).

2. More information about any specific item may be obtained by contacting Richard via the following methods:

e-mail: rclindberg123@gmail.com

telephone: 505-344-8990 home, 505-414-1298 cell.

snail mail: Richard Lindberg

PO Box 56758

Albuquerque, NM 87187-6758

3. **There are no set prices - everything is negotiable.** However, fair, reasonable offers are expected - 'off-the-wall', frivolous or otherwise absurd offers will be summarily rejected. Prices that are listed are merely starting points - that's all we had to begin with!

4. All sales are final - what it is, is what you get. You may inspect any item by contacting Richard and arranging for a meeting, e.g., at his home (the location of the inventory). You may also contact Richard (see 2. above) for more information about any item. Also, see line 10., below.

5. Shipping is not included on any item. You may pick up any purchase by contacting Richard and arranging for a meeting at his home (the location of the inventory). Shipping costs, if any, will be determined before you send any money; your payment must include such costs or the item(s) will not be shipped.

6. Payment must be made prior to delivery (in most cases). Such payment may be in the form of cash, personal check, money order, bank draft, etc. - in short, just about anything except a credit card. Personal checks may delay shipment until they are cleared. If you are buying at one of our web sites (see the individual sheets [RCKITS, ENGINES, etc.]), a PayPal account is associated with those sales. If no web site is listed, the above rule applies.

7. If you want to buy an item, **MAKE AN OFFER!** (See above for contact information.) In most cases, if the offer is reasonable (see above), it will be accepted. Counter offers from us are probable (!). In rare cases, certain item prices will be non-negotiable.
8. Once your offer is accepted, you must make arrangements for payment (and shipping, if applicable). Upon receipt of payment (and check clearance, if necessary), your item(s) will be shipped. Of course, you may pick up your items directly from Richard (see above).
9. Any items NOT picked up (or shipped) within thirty (30) days will be returned to the inventory, and 90% of your payment (if any[!]) will be returned to you. The remaining 10% is charged as a handling fee and will not be refunded. (Other arrangements may be made, however - this is not THAT hard and fast a rule! Richard would like to reclaim his space!)
10. In most cases, photographs of items for sale are available. Because of the size of those (digital) files, they are not included in this inventory. Links to Picasa files are provided for each category that show pictures of those items photographed to date. If the item has not yet been sold (or is not on hold), further pictures can be provided via e-mail of particular details as requested.

Item cells in WHITE (this color) indicate UNSOLD items.

Item cells in LIGHT YELLOW (this color) indicate SOLD items.

Item cells in LIGHT RED (this color) indicate SALE PENDING items.

Item cells in LIGHT BEIGE (this color) indicate items that have been removed from all inventories, for various reasons.

Item cells in GREEN (this color) indicate items that have been added recently.

## READY-TO-FLY AIRCRAFT

Use the following link (or copy it to your browser) to see pictures of the airplanes for sale!

<https://picasaweb.google.com/101679366463462862591/RTFAircraftNewPrices?authuser=0&authkey=Gv1sRgCJ7QysvhtfHBCg&feat=directlink>

**PRICES REDUCED! The prices below are for the items as described. If you want the airframe alone, it's for sale - see Richard.**

**If you want the item and the engine/motor alone, it's for sale - see Richard.**

**If you want the item and the radio alone, it's for sale - see Richard.**

**No matter how you want it, see Richard - it's for sale!**
